RE: Important Information

Holiday Tree Recycling

As we do every year, Athens Services will recycle your Holiday Trees during the 2 weeks that follow Christmas. Just place them in the trash bin and they will be processed along with everything else as noted in the storyboard below. If you have more trees than will fit in the bin, please give us a call and make arrangements to have them collected. **Please do not illegally discard them in alleyways or streets.**

Bulky Item Pickup

If you have large bulky items such as mattresses, furniture, etc., please contact our office for additional services. **Please do not illegally discard them in alleyways or streets.**

Material Recovery Facility

As a reminder, Athens has implemented programs to help the City of Pasadena achieve the waste reduction mandates set by California's tough waste management law, AB939. Your entire waste stream is taken to the Athens Material Recovery Facility where your recyclable materials are retrieved from the trash and diverted away from local landfills.

Please refer to the storyboard below for a more detailed explanation of the program.

Trash collected is dumped onto the Tipping floor and moved with heavy

equipment onto the Walking Floors toward the processing equipment

where employees and machines will sort out the recyclables.

Once sorted, recyclable materials are moved via conveyor

to the massive baler, where they are prepared

for shipment to foreign and domestic markets.
