

ADDITIONAL SERVICES

Residential customers may find that they require extra services. Large clean-ups, demolition or remodeling projects may require special services which we are ready to provide.

SPECIAL HAULING

Estimates will be given for removal of debris.

BIN SERVICE

3-cubic yard temporary bins (commercial dumpsters).

ROLL OFF SERVICE

Large debris boxes of 10 to 30 cubic yard capacity for large cleanups and construction and demolition projects are available by calling our Customer Service Department.

BULKY AND HARD TO HANDLE ITEMS

Place bulky items including water heaters, furnaces, bed springs, mattresses, dressers,

couches, washers, dryers, stoves, tables, chairs, refrigerators, freezers, patio furniture, etc., out to the curb on your first pickup day of the week. VERY IMPORTANT: REMOVE OR SECURE ALL APPLIANCE DOORS IN ORDER TO PROTECT CHILDREN.

CONTAINER STANDARDS

Metal or plastic containers should be no smaller than 5 gallon capacity and no larger than 35 gallon capacity. The total weight of each container should not exceed 50 pounds. Containers should have lids and handles. Plastic bags are acceptable, but we ask that the bag be tied. If cardboard boxes are used, they will be disposed of along with the contents.

TREE LIMBS AND SHRUBBERY

Items of this nature must be tied in bundles not to exceed 4 feet in length, 1 foot in diameter and weighing no more than 35 pounds per bundle.

Your Guide To Waste Collection & Recycling

IMPORTANT FACTS

We are happy to serve you. The following guidelines are provided to assure that you receive the full benefit of your solid waste management services.

OFFICE HOURS:

7:00 a.m. to 5:00 p.m.
(Monday – Friday)

7:00 a.m. to Noon
(Saturday)

COLLECTION LOCATION AND TIME:

Please place all containers at the curb or adjacent to the alley by 6:00 a.m. on your collection day(s). Unlike most cities, Temple City residents enjoy twice per week collection service for both their trash and their yardwaste.

Your Pickup Days Are:

<input type="checkbox"/> MON	TRASH	<input type="checkbox"/> WED
<input type="checkbox"/> THUR	<input type="checkbox"/> TUE	<input type="checkbox"/> SAT
	<input type="checkbox"/> FRI	

<input type="checkbox"/> MON	YARD WASTE	<input type="checkbox"/> WED
<input type="checkbox"/> THUR	<input type="checkbox"/> TUE	<input type="checkbox"/> SAT
	<input type="checkbox"/> FRI	

HOLIDAY COLLECTION SCHEDULE:

We observe the following holidays: New Year's Day, Memorial Day, July Fourth, Labor Day, Thanksgiving and Christmas. If your collection day falls on one of these holidays, you will receive only one pick up that week.

HAZARDOUS WASTE

Please **DO NOT** place hazardous materials into your trash. Most paints, pesticides, and petroleum derivatives such as motor oil and solvents are considered hazardous wastes. State and Federal laws require special handling for these wastes. For more details, please call the HAZWASTE HOTLINE at (800) 253-2652. If hazardous waste is identified, it will be tagged and not collected.

YARD WASTE RECYCLING PROGRAM

Yard waste is grass clippings, leaves and tree trimmings. Tree trimmings larger than 6 inches

in diameter and palm fronds are not considered yard waste.

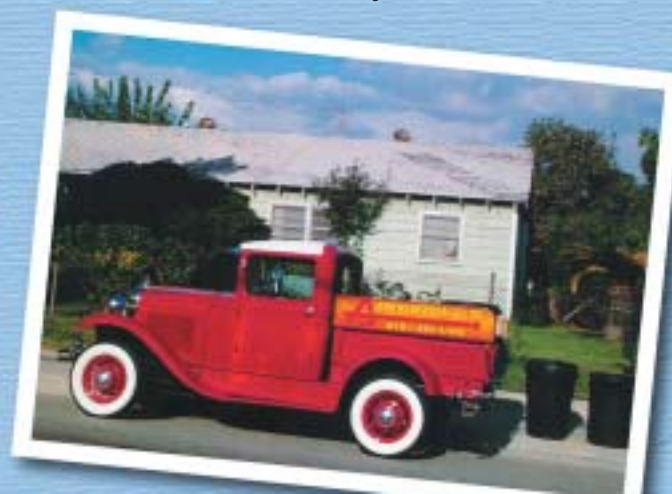

Apply the enclosed decals to your designated trash cans. Only those cans bearing the "yard waste" sticker will be collected separately. Place your yard waste directly into this barrel. To avoid contamination of yard waste, **DO NOT PUT YARD WASTE INTO PLASTIC OR PAPER BAGS**. Trimmings tied and bundled into no more than 4-foot lengths will be collected if placed next to barrels.

Yard waste cannot be mixed with any other trash. If trash is mixed with yard waste, it must be collected as regular rubbish. Remember to turn the barrel so the decal is visible to collection crew.

RECYCLING PROGRAM

NO MORE TRASH SORTING! Athens has implemented a program to help Temple City achieve the waste reduction mandates set by California's tough waste management law, AB939.

This program saves you time and effort. You no longer need to sort out your recyclables from the rest of your waste stream. Your entire waste stream is taken to the Athens Material Recovery Facility where your recyclable materials are retrieved from the trash and diverted away from local landfills.

Please refer to the storyboard below for a more detailed explanation of the program.

1. Trash collected is dumped onto the Tipping floor and moved with heavy

4. Once sorted, recyclable materials are moved via conveyor

2. equipment onto the Walking Floors toward the processing equipment

5. to the massive baler, where they are prepared

3. where employees and machines will sort out the recyclables.

6. for shipment to foreign and domestic markets.

PLEASE CONTINUE TO SORT YOUR YARD WASTE
