IMPORTANT INFORMATION REGARDING YOUR COMMERCIAL COLLECTION SERVICES!

At Athens Services we value each and every customer. Whether you are a new client or have been with us since the beginning, over a half century ago, our approach to solid waste management and recycling services is driven by the desire to establish a long-term, mutually beneficial relationship.

We strive to maintain an attitude of total customer satisfaction. In order to achieve this goal, the entire organization has been structured into customer-driven business entities where quality of service is an obsession. Please feel free to call us or visit us on the web at www.AthensServices.com if you have any questions or concerns.

Thank you very much for the opportunity to be of service

HOLIDAY COLLECTION SCHEDULE

We observe the following holidays: New Year's Day, Memorial Day, July Fourth, Labor Day, Thanksgiving and Christmas. On these weeks your collections will be delayed by one day.

BULKY ITEMS

For removal of large, bulky items including major appliances and furniture, contact customer service at (888) 336-6100 to schedule a pick up.

TEMPORARY SERVICES

For short and long term projects, you can order additional 3-cubic yard temporary bins or an extra dump of your permanent bin by calling (888) 336-6100.

ROLL OFF SERVICE

These containers will handle large volumes of material and are perfect for construction & demolition waste.

PARKING LOT SWEEPING

Please contact us for a price quote to keep your driveways and parking lot areas clean of debris.

ATHENS STANDARD RECYCLING PROGRAM

California State Law AB 341 mandates that every business with four (4) or more cubic yards of service or five (5) or more units must have a recycling program. The good news for you is that Athens Services owns and operates our own Material Recovery Facility (MRF) which meets those requirements so you do not need to separate your recyclables! (You may still do so, please see the column to the right for more information about our other recycling programs.)

Your waste is collected, transported, and processed at our modern, state of the art, facility and is an integral part of providing the needed waste diversion (recycling) required to assist you and the City of Hermosa Beach in meeting the State of California's tough recycling laws.

Please see below for a more detailed explanation of how the facility works.

Trash collected is dumped onto the Tipping floor and moved with heavy

Equipment onto the Walking Floors toward the processing equipment

Where employees and machines will sort out the recyclables

Once sorted, recyclable materials are moved via conveyor

To the massive baler, where they are prepared

For shipment to foreign and domestic markets.

ATHENS ENHANCED RECYCLING PROGRAMS

Athens Services will analyze your waste stream and custom-design a program that meets your needs. Described below are several programs that are available; Athens Services can recycle over three dozen commodities, including paper, cardboard, metal, glass, plastic, wood, yard waste, dirt, rock, concrete, asphalt, brick, and many other materials.

SOURCE SEPARATED RECYCLING PROGRAM

For businesses that prefer to sort their materials, Athens can supply separate containers. If you are a high volume generator of paper, cardboard, metals, or other valuable commodities, you may be eligible for payback. See your Athens representative for more details.

COMMERCIAL RECYCLING INCENTIVE PROGRAMS

Your Athens representative will present you with our current special incentive programs for proactive businesses that want to increase their recycling efforts.

E-WASTE SERVICES

Ask your Representative about available commercial electronic waste collection services.

SPECIAL WASTES

Athens Services is qualified and experienced in handling your most challenging waste streams! Athens is staffed with specialists in the area of regulatory framework for hazardous and toxic substances, organic, inorganic, and analytical chemistry as well as environmental law.
