

YOUR BUSINESS AND MANDATORY RECYCLING LEGISLATION

AB 341 – Law requires that California businesses arrange for recycling services.

Who Must Comply:

All commercial or public entities, including multifamily dwellings of five units or more, that generate four or more cubic yards of solid waste per week.

How Do I Comply?

- If you do not currently have a recycling container, please call Athens Services at (888) 336-6100 to schedule a **FREE recycling assessment**.
- If your business has a separate trash and recycling container, you are compliant with AB 341.

Our Recycling Solutions:

- Athens customers should recycle using a separate recycling bin
- Athens' state-of-the-art Materials Recovery Facility (MRF) separates contaminants from recyclable material
- Recyclable materials are baled into single commodities, which are then recycled into new goods
