Introducing

# Leaf Plus

Plant-Based Oil Resistance

**Real Leaders**  
Eco Innovation Award

**ChemForward**  
Safer Designation

Leaf Plus® is World Centric’s proprietary alternative solution to replace PFAS chemicals for grease resistance in molded fiber products.

Leaf Plus is a first in the marketplace and is being rolled out on select fiber products this year. Plant-based with no bioplastic, Leaf Plus has also received a Real Leaders award in Eco Innovation and the ChemForward Safer designation, assuring that it is not a regrettable replacement for PFAS. Learn more at [worldcentric.com/leafplus](http://worldcentric.com/leafplus).

## Key Benefits

**Sustainable Materials**  
Composed of plant-based ingredients with no added PFAS

**Performance**  
Oil and grease resistance for temperatures up to 190° F

**Compostable**  
Meets testing standards for compostability

Per- and Polyfluoroalkyl Substances, commonly referred to as PFAS, have traditionally been used for oil resistance in molded fiber products. The use of PFAS in foodservice packaging is now banned in seven states including California and New York, with many more states looking to regulate them in the near future.

World Centric is addressing these bans by introducing new SKUs which contain no added PFAS chemicals. There will be no change in pricing for these updated items. The current catalog contains all PFAS free items and confirms our commitment to producing safe and sustainable products for our customers without sacrificing compostability.

The PFAS free SKUs are denoted by ending letters as follows:

SKU Ending	Details
-LF:	Product does not have any oil resistance, e.g. fiber lids which do not need oil resistance
-LFP:	Leaf Plus, World Centric’s proprietary, plant based compostable solution for high temperature grease and oil resistance
-LFS:	Industry PFAS free solution, suitable for use with food below 140°F (may work at higher temperatures as well)

For more details, please check with your Sales Manager or Account Manager or reach out to [sales@worldcentric.com](mailto:sales@worldcentric.com).

World Centric's new bamboo cutlery is the sustainable choice to offer customers for takeout. Made from FSC® certified bamboo, our raw materials come from sustainably grown and responsibly managed forests. Our cutlery is 100% BioBased pure bamboo fiber, making it easy to discard with yard trimmings. **Learn more at [worldcentric.com/bamboocutlery](http://worldcentric.com/bamboocutlery).**

## Why Choose Bamboo Cutlery?

- Made from 100% FSC® Certified Bamboo
- 100% USDA Certified Biobased
- No lamination or bioplastics
- CMA approved and can be discarded with yard trimmings
