Subject: Your Recycling Cart Service Begins April 28, 2025

Dear Valued Montebello Customer,

Athens Services remains committed to delivering exceptional service to our valued Montebello customers. As part of our dedication to sustainability and adherence to California regulations, we want to update you on significant changes to your waste collection services.

Working directly with the City of Montebello, these changes are designed to not only ensure compliance with state laws but continue to provide you with convenient, reliable, and sustainable solutions. They reflect our commitment to share the City's committed responsibility to protect the environment and reduce waste sent to landfills.

What's Changing?

Starting the week of April 28, 2025, Athens Services will begin providing segregated recycling collection service to all residential and multifamily customers with less than four dwelling units in Montebello. To support this enhancement, each household will receive a 96-gallon blue recycling cart for commingled recyclable materials. These changes are part of the City's ongoing efforts to comply with Senate Bill (SB) 1383, which supports recycling efforts and waste diversion efforts in California.

What to Expect

- **April 14–25:** Blue commingled recycling carts will be delivered to homes on your regular collection day along with information and instruction on their proper use
- **Week of April 28:** Begin using your new blue cart by placing it at the curb on your regular service day

You How Will This Affect Your Service?

Starting the week of April 28, please begin separating your materials as follows:

- **Blue cart:** recyclables
- **Black cart:** trash
- **Green cart:** organics waste

For your convenience, we've included a *Frequently Asked Questions (FAQ) sheet* and a *Recycling Guide* to help you get started.
